

**COACHING  
EDUCATION**

Coaches,

Before going any further, if you intend to take a course from us at any time, you must first set up a free account in the Digital Coaching Center (DCC) from US Soccer. The DCC is the only way to register for and take a coaching education course from NYSWYSA or US Soccer. The DCC is both a warehouse of information and a management tool for all of your coaching education needs.

While registering, you will also need to participate in the 20 minute, Introduction to Coaching activity. This is also required before even registering for any coaching course hosted in the DCC.

Should you have any questions regarding this process, feel free to email the Director of Coaching Education, Chris Hershey at [chershey@nyswysa.org](mailto:chershey@nyswysa.org), or the Assistant Technical Director, Scott Craig at [scraig@nyswysa.org](mailto:scraig@nyswysa.org).
