In Honor Of The Lions Club

Continued from Page 4

A number of national backgrounds was represented in our pupils. The father often were workers in the tailoring plants, and many mothers brought home work from such plants to finish at home. Our students were frequently the ones who brought home the customs, the philosophies, the cultural patterns of America.

The Lions Club, eager to provide beneficial service to the community, decided to work with our principal, George Eddy, to create an award system based on scholarship, citizenship, and service.

Over the years, the bronze plaques were mounted on one of the walls of the school, and all of us were so proud of this display.

I can well recall the faculty meetings in

which we discussed the various candidates, and at times they were very determined and vociferous.

I have contacts even today with some of the pupils who won the awards.

My M.A. thesis was based on a study of the awards of the Lions Club over a 12 year period, and it was noted by my advisors at the U of R that in spite of the great depression and the many problems families had in those days, not one of those pupils had ever been a court case.

Dean Mills and other advisors were quick to mention this.

Like so many others at WJHS, in the years following, these boys and girls went on to become useful, loyal citizens, and often made splendid careers for themselves.

I shall always have a soft spot in my heart for the Lions who did so much for our pupils of that school.

Chili Recreation Report

by Jerome Brixner
Chairman

The Chili Recreation and Youth Commission welcomed Councilman John Nowicki to its February 25 Meeting. Nowicki discussed recreation and parks programming with the Commission; specifically, the preparation and presentation of the Recreation Budget and the establishment of job descriptions for various recreation jobs.

President Bill Deans of Chili Youth Baseball also was present to describe the organization and planning going into making the 1981 Youth Baseball program. Jerry Damrosia, treasurer

of Chili Youth Baseball presented the Commission with a financial report for the year 1980. He also answered questions concerning the League's finances.

Recreation Commissioner Joe Klapp, Equipment Manager, briefly described the inventory side of the Program and then introduced Mrs. Dorothy Bellavia and Mrs. Elaine McAllister, Directors of the girls' program for the League.

Recreation Director Ron Fodge submitted a proposal to install lighting fixtures at Henderson Park and to erect a small building which would have a changing room and toilet facilities to service the field and the adjoining

tennis courts-skating rinks. Rose Newhart, former President of Chili Lions football, spoke in support of the project, noting that voluntary help may be available which would save on costs. She said a playable football field at Chili Center could enable more boys and girls in Chili to participate.

Keith Lape called attention to the fact that ice hockey playing at the Memorial Rink was suspended in February because some players would not wear helmets. He asked the Commission not to penalize the players who were abiding by the rules because of the actions of a few.

The County Is At It Again

by James J. Powers

The County Manager has proposed the establishment of a county-wide Special Solid Waste District.

Under this proposal, there would be an ad valorem levy assessed against all taxpayers of the county. The rate would run approximately \$6.50 per thousand dollars of assessed valuation.

A public hearing will be held on this proposal on April 8. The county has requested enabling legislation from the state to create such a special district.

The crux of the problem is that you will find a new fee on your tax bill in 1982. You cannot deduct a fee in filing your income tax. It is very similar to the Pure Waters fee you now pay.

One wonders if these charges, pure waters and solid waste, were an actual tax, whether or not the County might well be pushing their constitutional tax limit. The County is bound and determined to "fee" the taxpayers to death.

We'll be watching, and questioning as well.

LEGAL NOTICE

NOTICE TO BIDDERS

The Board of Education of Spencerport Central School District, Monroe County, New York (in accordance with Section 103 of Article 5-A of the General Municipal Law) hereby invites the submission of sealed bids on:

Micro Computer System

Bids will be received until

1:00 P.M. E.S.T. on the 31st day of March, 1981, at the District Office in the Elementary School Building, 71 Lyell Avenue, Spencerport, New York, at which time they will be publicly opened and read. Specifications and bid forms may be obtained by contacting the District Office. The Board of Education reserves the right to reject all bids. Any bid submitted will be binding for

60 days subsequent to the date of bid openings.

BOARD OF EDUCATION
Spencerport Central School District
Monroe County, Spencerport, N.Y.
